Delaware Wages 2021

The Network Technician program a hybrid registered apprenticeship that includes 576 hours of related technical instruction (RTI) over four semesters and a minimum of 2,000 hours of on-the-job learning (OJL). The program provides participants with the knowledge and technical skills required for a successful career as a network technician. Students are prepared to complete two industry-recognized certifications – CompTIA Network+ and Cisco CCNA – and will earn a nationally recognized journeyman credential after satisfying the RTI and OJL requirements. Prerequisite: Completion of Computer Support Specialist program, CompTIA A+ certification, or 12-months of equivalent experience.

APPRENTICESHIP PROGRAM
